Examinations

The objective of the Level I and Level II exams is, in accordance with IC 6-1.1-35.5-3, to test individuals on job-related concepts that are representative of the substantial knowledge needed for effective performance as a county or township assessor or assessing official. The exam will test practical applications used in the performance of the duties associated with the office.

The Level I and II examinations will consist of 50 multiple-choice questions. You may have to work a problem in order to answer the questions associated with the problem. The exams are open book, and are based on the course content and problems worked during class. You may use any notes, manuals or other relevant materials during the exam.

There will be no breaks, although you will be allowed to leave the room for rest room breaks or to get a snack or drink.

Passing grade is 70, and the test contains 100 points.

After you have completed one cycle of the classes, you may retake the exam, if necessary, without having to retake the classes. **If you desire to take the Exam on another date, please contact our office to schedule the exam.**

Special Accommodations

If you have a physical impairment that will require special accommodations, we ask that you give us advanced notification. Please contact Barry Wood, Director of the Assessment Division, by mail or fax stating your condition and the accommodation you are seeking.
